

ACI - AIRPORT ENTERPRISE RISK MANAGEMENT (CLASSROOM) 0000

TRAINING PROGRAMS
ACI

5 DAYS

AIRPORT OPERATIONS & REGULATORY

AED 7,250.00

(Inclusive of 5% VAT)

This course provides a forum for airport executives to gain a better understanding of best practices in uncertainty management. It serves as a practicum with individual and group exercises to develop approaches and a draft framework for effectively setting strategic direction, making daily decisions and maintaining operations in a manner that addresses uncertainty for the benefit of the organization. (Please note course fees indicated are for ACI Members/ACI World Business Partners. Please contact us for non-member pricing.)

Course Benefits

This course will provide airport managers and professionals with a framework that will allow them to understand the benefits of managing uncertainty focused on balancing the negative and upside through a combination of systematic approaches and adaptive techniques

Who Should Attend

- Airport Manager/ Executive Director
- Airport Finance Directors, Managers
- Airport Directors and Managers across all functional areas
- Airport Strategic Planners and Risk Managers
- Airport Consultants

Course Outline

Participant learning objectives for this course include learning the skill sets to:

- Identify evaluate, and prioritize critical risks and major opportunities facing your airport that currently exist or may emerge in the future
- Establish risk/reward parameters that can be translated into guidelines for daily decision making and ranges of authority
- Establish an uncertainty awareness culture throughout the organization and integrate uncertainty management into strategic planning, major organizational initiatives, resource allocation systems, and organizational performance measurement and monitoring systems
