10 DAYS

TRAIN THE TRAINER

AED 5,200.00

(Inclusive of 5% VAT)

Virtual Instructor Led Training

The Training Developer Course (TDC) is prepared by ICAO's Aviation Safety Training Section (AST), Air Navigation Bureau (ANB), and offered to the Aviation Community through the TRAINAIR PLUS Centres. The TDC is the core training activity in the TRAINAIR PLUS Programme. This is the main tool to consolidate the implementation of the programme among Civil Aviation Training Centres (CATCs) and creation of a team of updated and well trained professionals as course developers to work on Course Development Units.

Course Benefits

1. Purpose of the Course:

The TDC is the core training activity of the TRAINAIR PLUS Programme. It is the main tool to consolidate the implementation of the Programme among Civil Aviation Training Centres (CATCs), with the creation of a team of updated and well trained professionals as course developers to work in Course Development Units.

2. Learning Objectives:

The course provides professionals with advanced techniques for applying the Instructional Systems Development methodology (ISD) under the TRAINAIR PLUS Programme. This is a complete instructional development workshop with focus on the practical aspects of developing training and educational programs.

The course will train civil aviation course developers to design and develop Standardized Training Packages (STPs) for TRAINAIR PLUS competency-based training standards by either upgrading existing conventional courses
